

# Pourable Sealer S-10 (Part A & Part B)

#### Item Description

Part A: One gallon (3.78 L) Can Part B: One pint (0.47 L) Can Item Number W563587065

# **Product Information**

#### Description:

Pourable Sealer S-10 is designed for sealing penetration pockets used in conjunction with Firestone roof systems.

Product Packaging	
Part A:	One gallon (3.78 L) can
Part B:	One pint (0.47 L) can
Carton:	4 one-gallon cans and 4 one-pint cans
Weight per Carton:	Approximately 46 lb (21 kg)

# Method of Application:

- 1. Substrates must be free of water, dust, dirt, oil, and any other contaminants.
- 2. After preparation of the penetration pocket per Firestone details, pour Part B into Part A, and mix thoroughly with a drill with a mixing blade. Mix until the Part A material is uniform in color. If material contains gray streaks, mixing should continue. Mix so that material on the bottom and sides of the can is fully circulated and blended.
- 3. Pour the Pourable Sealer into the penetration pocket. Fill penetration pocket so that water is shed from the actual penetration.
- 4. Do not thin Pourable Sealer S-10 or use partial quantities.

### Storage:

- Store in original, unopened containers, at temperatures between 60 °F and 80 °F (15.6 °C and 26.7 °C) until ready for use.
- When exposed to lower temperatures, restore to room temperature prior to use.
- For optimum results, rotate stock to ensure stored material has not exceeded the shelf life of one (1) year.

# Shelf Life:

- Shelf life of one (1) year can be expected when stored in original sealed containers at temperatures between 60 °F and 80 °F (15.6 °C and 26.7 °C).
- Shelf life will be shortened if exposed to elevated temperatures.

# Coverage Rate:

Coverage rate of 200 in<sup>3</sup> (3277 cm<sup>3</sup>) for each mixture of Part A and Part B can be expected.

# Pourable Sealer S-10 (Part A & Part B)

#### **Precautions:**

- 1. Review Material Safety Data Sheet (MSDS) prior to use.
- 2. Avoid moisture contamination. Contact with water can generate explosive pressure in a closed container.
- 3. Do not thin.
- 4. Do not contaminate with foreign materials.
- 5. Avoid contact with skin. Pourable Sealer S-10 is extremely difficult to remove. Disposable gloves are recommended when mixing and dispensing pourable sealer.
- 6. Avoid breathing vapors. Use only in well ventilated areas.
- 7. Cover containers tightly when not in use.
